EDUCATION

University of Mumbai

Mumbai, IN

Bachelor of Engineering, Information Technology

May 2019

- 8.47 CGPA
- Ranked first in class of 75, Outstanding performance award 2019

WORK EXPERIENCE

Larsen & Toubro Infotech

Mumbai, IN

Software Engineer, Banking and Financial Services

Nov. 2019 - Present

- Engineered various applications based on Advanced Java concepts, web technologies and database frameworks
- Standardized a REST based data catalog consisting of 10m+ records in Oracle from Collibra Metadata and exposed it to a diverse group of consumers while maintaining privacy
- Utilized VisualVM to identify bottlenecks and enhance performance up to 75%
- Planned releases to higher environments using CI/CD tools like Jenkins and Release LifeCycle Management
- Featured in LTI – Genesis Q1 Newsletter for being awarded the ‘Pat on the Back’, July 2021; ‘Going the Extra Mile’, March 2021

Graduate Engineering Trainee

Aug. 2019 - Oct. 2019

- Collaborated with a team of 4 developers to build an application to conduct examinations for up to 200 students
- Integrated a full stack application with an Angular based User Interface and Spring MVC back end
- Systematized the codebase by maintaining a repository on Bitbucket to be accessed via git
- Awarded ‘Path Finder - exceptional capability of thinking out of the box’, October 2019

PROJECTS

SpyD: An automated security tool

- Spearheaded an initiative to develop a user-friendly and fail proof penetration testing tool
- Oversaw a group of 3 developers to assemble a device capable of performing up to 5 types of security breaches in the connected network
- Reduced the possibility of successful attacks by 50% by notifying network owners about the vulnerabilities
- Published a research paper titled “[SpyD: An Automated Security Tool](#)” in Journal of Emerging Technologies and Innovative Research ISSN:2349-5162, Vol.6, Issue 4, page no.724-728, April-2019

StayFit Sports Academy

- Developed a web based, distributed systems application to showcase a Sports Academy website
- Designed CSS based user friendly UI to illustrate about 6 divisions of the academy for potential clients
- Assembled a distributed architecture to serve requests from multiple users effectively
- Maintained an Oracle database to store user data robustly

Portfolio Website

- Built a website using JavaScript, HTML5, and CSS3 to exhibit personal portfolio
- Leveraged GitHub, GitHub pages to host the codebase, CNAME, DNS to host it to a private domain
- Secured the site using SSL self signed certificates implemented by domain provider
- Website live on www.harshdubey.com

TECHNICAL SKILLS & CERTIFICATIONS

Skills: Java, Spring boot, Microservices | Angular | SQL, PLSQL | git | DevOps, CI/CD | Containerization

Certifications: MTA 98-388: Introduction to Programming Using Java | MTA 98-367: Security Fundamentals | Brainbench - Java 8 | AWS Technical Professional

LEADERSHIP, RESEARCH & PUBLIC SERVICE EXPERIENCE

- Company Sergeant Major, National Cadet Corps - Led a squad of 60 cadets, awarded ‘Best Word of Command’
- Research & Development lab, Larsen & Toubro Infotech - Spring microservices & AngularJS integration
- Corporate Social Responsibility - Participated in a group teaching effort for a class of 30 school students
